

# PROJECT

# LIFESAVER

This program is designed to aid in locating those who are prone to the life-threatening condition of wandering. Project Lifesaver has the potential to reduce the search time of a lost community member from hours, potentially days, down to minutes.

**This program is beneficial to those who have a loved one with:**

- Dementia
- Alzheimer's
- Autism
- Brain Injury

If you have any questions, need assistance or to schedule an appointment to enroll your loved one, email our dedicated Project Life Saver email at [DG\\_PD\\_PLS@menifeepolice.org](mailto:DG_PD_PLS@menifeepolice.org)
